Note thing

Ok I know this isn't about me writing this, but I have a story idea and I kinda wanna write it here. It's a warrior cat thing called red curse, it's kinda based off the game "The Arcana", like the red plague from it. And I wanna know if you guys would like me to write it. I'm gonna drop chasing shadows because I've lost interest in it. Also check out my art book for the cover to Red Curse.

"My hero!" Says Stormfur hugging Brook.
